DOMINION ORDERS IN COUNCIL.

[2868.]

AT THE GOVERNMENT HOUSE AT
OTTAWA.

Tuesday, the 22nd day of October, 1912.

PRESENT:

HIS ROYAL HIGHNESS THE GOVERNOR-
GENERAL IN COUNCIL.

THE Acting Minister of the Interior, under date the 7th October, 1912, states that application has been made to the Department of the Interior by the Blue Mountains Refractories Company, Limited, of the City of Vancouver, in the Province of British Columbia, for permission to purchase the West Half of Section 1, the whole of Sections 2 and 3, and the easterly fifty-five chains of the South Half of Section 4, in Township 4, Range 4 west of the 7th meridian, in the said Province, for the purpose of manufacturing brick and other products of clay; also for permission to acquire the Fractional South-west Quarter of Section 2, Township 7, Range 26 west of the 6th meridian, containing an area of 144.75 acres, upon which to erect a glazing plant in connection with the manufacture of the clay products; together with a right-of-way along and through Sections 32, 33, and 34, in Township 3, Range 4 west of the 7th meridian, in the said Province, leading down to the Lillooet River, for the purpose of communication between that river and the tract first above described.

The Minister observes that an inspection of the lands applied for has been made by the Crown Timber Agent at New Westminster, who reported that they contain very little merchantable timber; that such timber as there is on the land is not more than would be required to carry on the business which it is proposed to establish; and that while the lands in question have in the past been examined by timber cruisers, no applications have been made for licences to cut timber thereon. It would appear also that the lands are precipitous and of little value for agricultural purposes.

The Minister is of the opinion—as the applicants express their willingness to establish an industry of some magnitude on these lands, which would otherwise seem to be of little value—that it would be in the public interest to favourably consider such application, and he recommends that he be authorized to reserve for the applicants the lands for which they have applied and to dispose of the same to them for the purpose mentioned at the rate of \$1 an acre, upon their complying with the following conditions:—

1. That the applicants shall erect upon the property first above described a plant of a capacity of at least fifty thousand bricks per week;

2. That such plant shall be in operation, and shall have actually produced not less than one million bricks, within three years from the date upon which the sale may be authorized;

3. The applicants shall, within three years from the date upon which the sale may be authorized, erect upon the Fractional South-west Quarter of Section 2, Township 7, Range 26 west of the 6th meridian, a glazing plant of a capacity and design suitable for the purpose and satisfactory to the Minister of the Interior, and shall commence actual operations in treating the clay products in such plant within the same period;

4. That until the above conditions have been complied with, and the patent for the lands in question issued, the applicants shall pay to the Crown the cost which may be incurred in properly guarding the merchantable timber in the vicinity from fire which may result from their operations;

5. That failure on the part of the applicants to comply with any of the conditions herein contained shall be followed by cancellation of the reservation and sale, and the forfeiture to the Crown of the amounts which may have been paid;

6. That the reservation and sale shall be subject to the rights of the Provincial Government of British Columbia in respect of the minerals which may be found to exist on or under the land;

7. That as soon as satisfactory evidence is furnished to show that the conditions herein contained have been fully complied with, the purchase price at the rate of \$1 an acre paid, and the land surveyed, a patent be issued in favour of the applicants for the lands in question, reserving thereon and therefrom the mines and minerals and also the coal which may be found to exist on or under the land.

The Minister further states that the lands above described were previously allotted, under similar conditions to those herein contained, to one George H. Turner, by authority of an Order in Council dated the 27th of March, 1908; that Mr. Turner paid to the Department of the Interior the sum of \$1 per acre for the said lands before it was necessary for him to do so in accordance with the terms of the above Order in Council, and that Mr. Turner has requested the Department to allow the payment made by him for the lands in question to be applied on account of the purchase price by the present applicants.

The Minister, in view of all the circumstances, further recommends that he be authorized to apply to the payment of the lands in question the amount paid by Mr. Turner on account of such purchase price.

The Committee submit the same for approval.

no14 RODOLPHE BOUDREAU,
Clerk of the Privy Council.

[2926]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Thursday, the 24th day of October, 1912.

PRESENT:

HIS ROYAL HIGHNESS THE GOVERNOR-GENERAL IN COUNCIL.

THE Minister of the Interior states, under date 16th September, 1912, that the Ashcroft Water Electric and Improvement Company, of Ashcroft, B.C., has applied to purchase on irrigation conditions certain lands in Townships 20 and 21, Range 24 west of the 6th meridian, comprising an aggregate area of 3010.5 acres, more or less, and being the lands set out in the Schedule hereto attached, and to report:—

That the company has submitted to the Department of the Interior a comprehensive irrigation and storage project, involving the storage of water in three lakes in Provincial territory north of the Railway Belt; the said water to be released into the Bonaparte River and diverted at a point about twelve miles from the confluence of the Bonaparte and Thompson Rivers, and carried in a high-line canal to the Dominion lands applied for;

That the lands applied for have been inspected by the Agent of Dominion Lands, Kamloops, who reported that without the aid of irrigation the lands are valueless; that they have also been inspected by the Chief Engineer of the Railway Belt Hydrographic Survey, who reported that they are of an arid class, unsuited for homesteading or for agriculture without irrigation; that the successful development of these lands would be in the best interest of the district and country at large; that the intention of the Ashcroft Water Electric and Improvement Company is to develop these arid lands by a large, modern, and feasible irrigation system; and that the water-supply of the Bonaparte River seems to be sufficient for the irrigation needs of the said company.

The Minister therefore recommends that, in view of the above favourable reports, he be authorized to sell the Ashcroft Water Electric and Improvement Company the available portions of the Dominion lands set out in the Schedule hereto attached, on the following conditions:—

1. That the price of the land be \$1 per acre; a first payment of 25 cents per acre to be made upon notification of sale, and the balance of 75 cents per acre to be payable upon the completion of the irrigation scheme as set out in paragraphs 5 and 6 hereunder.

2. That the company shall obtain from the British Columbia authorities the necessary water rights for the said lands.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Thursday, the 17th day of October, 1912.

PRESENT:

HIS EXCELLENCY THE DEPUTY GOVERNOR-GENERAL IN COUNCIL.

WHEREAS by an Order in Council, dated 5th January, 1887, certain lands in the vicinity of Port Moody Harbour were by reason of their increasing value reserved from sale and settlement, this reserve being more particularly described as follows:—

"Commencing on the shore of the North Arm of Burrard Inlet at the north-west angle of Section Thirty, in Township Number Thirty-nine, New Westminster District; thence south along the section lines to the south-west corner of the north-west quarter of Section Nineteen; thence east along the quarter-section lines to the north-east corner of the south-west quarter of Section Twenty-two; thence at right angles south to the northern boundary-line of Lot 385, Group 1; thence west on the said line to the north-west corner of said Lot 385; thence south along the lot-lines to the north-east corner of Lot 238, Group 1; thence west along the lot-lines to the south-west corner of Lot 191, Group 1; thence northerly along the shore of Port Moody Harbour to north-west corner of said Lot 191; thence following the sinuosities of the shore-

line of Port Moody Harbour, Burrard Inlet, and the North Arm, including Bedwell Bay to the point of commencement.”

And whereas on the 13th August, 1906, homestead entry was granted to William Arthur Brelsford for the Fractional North-West Quarter of Section 10, Township 39 west of the Coast Meridian, which is within the tract set apart by said Order in Council of the 5th day of January, 1887, and the said homesteader has now fully complied with the required settlement duties and is entitled to letters patent for his homestead,—

Therefore the Governor-General in Council, in order to remove any possible cloud upon the title by reason of the said Order in Council, is pleased to rescind and doth hereby rescind the provisions of the said Order in Council in so far as they apply to the above-mentioned quarter-section.

AT THE GOVERNMENT HOUSE AT
OTTAWA.

Wednesday, the 2nd day of October, 1912.

PRESENT:

HIS EXCELLENCY THE DEPUTY GOVERNOR-GENERAL IN COUNCIL.

THE Acting Minister of the Interior, under date of, 16th September, 1912, reports that under the provisions of the “Provincial Drainage and Dyking Act” the owners of the land in the Chilliwack-Sumas District have by petitions published in the British Columbia Gazette on the twenty-ninth day of November, nineteen hundred and six, and twenty-eighth day of September, nineteen hundred and five, elected a Board of Commissioners for the dyking of the Chilliwack-Sumas Drainage and Dyking District of the Province of British Columbia, who are empowered to erect, either directly or by contract, drainage and dyking works for the protection and reclamation of the area included in the petitions by which they were elected; that the money to pay for the work is to be raised pursuant to the said Act, by assessment on the lands benefited; that the Chilliwack-Sumas Drainage and Dyking District covers an area of about 30,000 acres, comprising roughly the lands flooded by the waters of Sumas Lake; that the district is within the Railway Belt, on the south side of the Fraser River, forty miles east of Vancouver; and that within this district there are 12,120 acres of Dominion land, including some 9,000 acres in the bed of Sumas Lake.

The Minister also reports as follows:—

That the Commissioners have made application for an agreement between the Minister of the Interior and themselves, looking to the transfer to them of the Dominion overflow lands in and around Sumas Lake; containing approximately 12,120 acres, upon the reclamation scheme being successfully completed;

That the Commissioners have interested the L. M. Rice Company, Limited, a Company incorporated under the Statutes of the State of Washington and registered to do business in the Province of British Columbia, and have entered into an agreement with this Company, providing for the construction of certain dyking works conditionally on the Minister of the Interior entering into an agreement with the Commissioners providing for the ultimate transfer of the Dominion overflow lands applied for in and around Sumas Lake upon the successful reclamation of same;

That the Department of the Interior has been furnished with plans, specifications, etc., of the proposed scheme of reclamation, also with a copy of the agreement between the Commissioners and the L. M. Rice Company, Limited;

That the lands applied for have been inspected by the Chief Engineer of the Railway Belt Hydrographic Survey, who reported that the Dominion lands in and around Sumas Lake are at present useless and unsuited for homesteading under the Dominion Lands Act on account of the perpetual inundation of nearly 9,000 acres in the bed of Sumas Lake and the periodical flooding of about

2,000 acres for several months each summer during the high water season of the Fraser River and Chilliwack Rivers; that in addition to the said Dominion lands there are some 20,000 acres of private lands adjoining and surrounding the said Dominion lands, which private lands are also subject to regular or occasional flooding during the same high water period, and thereby productiveness of the said land is greatly decreased; that the reclamation of these Dominion and private lands would be a great boon to the Fraser Valley and the Province of British Columbia not only on account of the large area of now useless Dominion lands that would be rendered fertile and productive, but the enhanced value and usefulness of the still larger area of private lands whose present productiveness is minimized by the constant menace of flooding; and that the best advice of eminent engineers for many years declares that the reclamation of the above lands is practicable from both engineering and economic points of view, the total cost being in the neighborhood of one million dollars.

The Minister, in view of the above, recommends that he be authorized to enter into an agreement with the Board of Commissioners for the Chilliwack-Sumas Drainage and Dyking District, looking to the transfer of the Dominion overflow lands in and around Sumas Lake, as set out in schedule hereto attached, on the following conditions:—

1. That the lands applied for shall be successfully reclaimed and rendered fit for agricultural purposes within four years from the date of the agreement.
2. That no patent for any of the lands shall issue until the Minister of the Interior is satisfied,—through a report by a Department engineer,—that all the said Dominion overflow lands possible of reclamation have been successfully reclaimed and rendered fit for agricultural purposes, and that the reclamation works have withstood the high water of the summer following the completion of the dyking works;
3. Upon the successful completion of the dyking scheme the lands will be sold the Commissioners at the nominal price of One Dollar.
4. That the Department assumes no responsibility for the manner and method of the reclamation; for the providence or improvidence of the agreement between the Commissioners and the L. M. Rice Company, Limited; and no responsibility for the proper inspection of the work during its progress, merely reserving the right to say whether or not the reclamation has been successfully completed.

The Committee submit the foregoing recommendation for approval.

Clerk of the Privy Council.
